Workshop Descriptions

Getting the Word Out – Do you feel like you are the only one that knows what is going on in your partnership? Does writing a news article about the activities cause you stress? Learn how to successfully share the good news about your partnership.

Beg, Borrow or Steal – Need new ideas for partnership activities? This session will explore activities and ideas ‘borrowed’ from business-education partnership programs in other areas.

You Want Me to Do WHAT? – Feel confused about what a coordinator is supposed to do and when it is supposed to be done?? Learn all you need to know in your role as the partnership coordinator. This is a great ‘refresher

session’ for any coordinator, but a MUST for new coordinators.

Partnership Committee 101 – Do you feel like you have the sole responsibility for implementing the activities in your partnership? Is achieving VIP status always difficult for your partnership? Learn how to organize your AAS committee, your committee meetings and those ‘pesky’ meeting minutes!

PRIDE – What does PRIDE mean and how can you become involved? Unfortunately, drug use can be a problem for some of our students. This session will explore opportunities for your school, your business, your organization and your partnership to

become involved in this successful local program.

Community Resources – Are there new needs in your school as a result of the April 27th tornado? Are you aware of community agencies and programs that provide opportunities for students in your school. Learn about community resources that may be available to help develop new partnership activities.

***Session THREE ONLY:** Use this time for your FIRST partnership planning meeting. Classroom space will be provided and meeting minutes will be accepted!
